

THE URBAN FARM AT STAPLETON
Presents
2009 community garden plots

The Urban Farm will offer community gardening plots beginning March 15, 2009. Community members may secure plots ranging in size from 8x10 - 10x15'. Seasonal Fees are as follows:

- Small plot -- \$40
- Medium plot -- \$50
- Large plot -- \$60

(Fees have increased in accordance with the actual costs of water in 2008 and reflect the 30% water costs increase that Denver Water will put into effect this summer).

TUF Community Garden members will have access to other Urban Farm amenities (gardening and composting workshops) and their children can participate in TUF programs, space permitting (e.g. Children's Garden, 4H, Embracing Horses, Fun on the Farm workshops). Composted manure provided at no extra charge. TUF gardening is chemical-free. All members are required to participate in monthly workdays.

Visit The Urban Farm and reserve your garden plot today! For more information, visit www.theurbanfarm.org or call 303-307-9332.
